Pride and Education 2011

VISION:

Promote the integration and the educational, social and cultural success of youth from Redwood City and the area of North Fair Oaks as a way of strengthening our community as a whole.

Saturday, November 5, 2011
Fair Oaks Community Center
2600 Middlefield Road, RWC
8:30 a.m. - 3:00 p.m.

Introduction:

This second annual Conference emerges from the interests expressed by various Latino youth from our community during focus groups organized by different organizations working in the areas of education, health, safety, and immigration and as a result of the positive response to OYE 2010.

As community organizations, we are committed to create a space where young people can express their views and concerns, propose suggestions for solutions, and play a leadership role in creating a better future in the short, medium, and long term.

OYE 2011 exists to help plant the seeds and support our youth towards this future.

Objectives:

- Motivate youth ages 14-22 years in our community to find their purpose and goal for their future.
- Introduce youth in the area of Redwood City and North Fair Oaks to educational, cultural, and social resources that can support their integration into the broader community.
- Provide an opportunity for youth to discuss the obstacles they face and identify their own strengths to overcome them.
